

TRACE Law Firm Membership Packages

Lawyers can easily expose clients to bribery risk. Despite this, many law firms do not allocate enough resources to compliance within their firms. Law firms have an important role to play in raising awareness of ethics and compliance, and at the same time hiring committees are increasingly mandating law firms to show evidence of compliance with anti-bribery and other regulatory requirements.

Joining TRACE, a globally recognized non-profit business association dedicated to **anti-bribery, compliance and good governance**, can help your firm prioritize compliance and prove its commitment to anti-bribery through the implementation of training, access to select compliance tools and participation in TRACE webinars and events.

Law Firm Membership Benefits include:

Access to the **TRACE Compendium**, a user-friendly and fully searchable database of international anti-bribery enforcement actions designed for legal research

Use of the **TRACE Learning Management System (LMS)** and **Conflicts of Interest Tracker**

Invitations to TRACE webinars and select events hosted around the world

Wide selection of courses on key compliance issues, including **anti-bribery, conflicts of interest** and **anti-money laundering** in the language of your choosing

Networking, speaking and **business development** opportunities

Option to complete **TRACEpro**, a comprehensive training program for individuals who are regularly exposed to compliance risks
